The screenshot displays the 'HP LaserJet Copier' dialog box with the following sections and controls:

- Copies Section (302):** Includes a 'Number of Copies' spinner set to 1, a thumbnail preview of a document, and a checked 'Collation' checkbox.
- Contrast Section (308):** Features 'Lighten' and 'Darken' sliders with a central bar of 11 steps.
- Output Paper Size Section (316):** A dropdown menu currently set to 'Letter'.
- Copy Quality Section (314):** Radio buttons for 'Photo' (selected), 'Text', and 'Draft'.
- Reduce - Enlarge Section (312):** Radio buttons for 'Standard Sizes' (selected) and 'Custom'. Under 'Standard Sizes', a dropdown is set to 'Original (100%)'. Under 'Custom', a percentage spinner is set to 100%.
- Printer Selection Section (320):** A 'Printer' label, a checked checkbox 'want to copy to another printer...', a dropdown menu showing 'HP 2000C Printer', and a 'Properties' button.
- Copy Options Section (322):** Radio buttons for 'Copy in Color' (selected) and 'Copy in Grayscale'. To the right are checkboxes for 'Collate', 'Staple', 'Bind', 'Photo', 'Fold', 'Stitch', 'Trim', 'Edge', and 'Paginate'.
- Second Printer Selection Section (328):** Similar to the first, with a 'Printer' label, a checked checkbox 'want to copy to another printer...', a dropdown menu showing 'HP LaserJet 8150mp', and a 'Properties' button.
- Bottom Buttons (334):** A row of four buttons: 'Start Copy', 'Cancel', 'Help', and 'Save as Default'.
